out for dinner at one of the restaurants offering views over the Nile River and city, or head to the sound and light show at the pyramids this evening. **Overnight - Cairo**

Day 2 : Pyramids & Saqqara

Today we pay a visit to the only remaining ancient wonder of the world, the impressive Pyramids at Giza Plateau. Gaze in awe at Cheops (Khufu) - the largest of the three great pyramids. Constructed from over 2.5 million limestone blocks, it is thought to have taken more than 20 years to construct. The other two - Chephren and Mycerinus are equally breathtaking, and all three Pyramids are truly a sight that can only be fully appreciated in person. Our tour continues to Memphis, where we'll see the colossal statue of Ramses II. After, we'll tour the tomb-strewn necropolis of Saqqara, featuring King Zoser's Step Pyramid - constructed by Imhotep, the pharaoh's chief architect in 2700 BC and the template for all future pyramid construction. **Overnight - Cairo (B)**

Day 3 : Egyptian Museum

Today we explore the new Grand Egyptian Museum, which houses a giant exhibition containing the treasures of King Tutankhamun. Many pieces on show are being displayed for the first time and artefacts have been brought together from across Egypt and the world to this one location. The museum also makes use of new technology including virtual reality. Note: the Grand Egyptian Museum is set to open in 2020, though an official date has yet to be released. If travelling prior to the opening of the new facility we'll visit the Egyptian Museum this morning instead.

This afternoon, we'll head to the world famous Khan El Khalili Bazaar, with trinkets and

delights to be found amongst the many shops and stalls located here. We'll then continue to The Citadel, this monumental Islamic-era fortification, in the heart of Cairo, was once the seat of government from the 13th to the 19th centuries. Here, we'll visit the beautiful Mosque of Muhammed Ali, built in the 1830's this impressive structure is made from alabaster stone and is a smaller version of the Blue Mosque found in Istanbul.

Overnight - Cairo (B)

Day 4 : Philae Temple

Cairo - Aswan. After breakfast, we take a short flight south to Aswan and transfer to our hotel. This afternoon we visit Philae Temple and Aswan High Dam. Philae Temple, dedicated to the goddess Isis, was rescued in an enormous UNESCO effort in the 1970s. Due to high water levels in the reservoir created by the Old Aswan Dam and further aquatic drama due to the creation of the mighty High Dam, Philae Temple was relocated stone by stone to higher ground on nearby Agilika Island.

Overnight - Aswan (B)

Day 5 : Impressive Abu Simbel

Aswan - Abu Simbel - Aswan. It's an early start today as we board our short flight down south to explore the temples of Abu Simbel, created to revere the mighty pharaonic ruler King Ramses II. Guarding the entrance to the temple (built between 1290 and 1224 BC) hewn into the side of a mountain are four famous colossal statues of the pharaoh himself. In a fit of architectural wisdom, Ramses II had the entire temple carefully angled and oriented in order that the sun's rays would align twice a year on his date of ascension to the throne (in February) and on his birthday (in October) and illuminate the inner sanctum of the temple. The other

rock cut temple at Abu Simbel is the Temple of Hathor, which is fronted by six massive standing statues. Four of them represent King Ramses II, the other two are of his beloved wife - Queen Nefertari. Famously, both temples were re-located in a multi-million dollar operation in 1972, further up from the shoreline of Lake Nasser.

Returning to Aswan, free time is offered to perhaps do some shopping in the colourful souqs and markets or simply relax in this attractive town which straddles the Nile River. This afternoon we board our **luxury Nile cruiser** for our three night journey up the River Nile.

Overnight - Nile Cruiser (B, L, D)
